

# ESD 113 - Learning Log

## WASWUG CONFERENCE - (March 6-8th, 2011)

**Clock Hour Provider: ESD 113    Session ID: 37367    Clock Hour #: OLX-345**

To qualify for clock hours you must have documentation of your Learning time. The WASWUG conference planners will be documenting your attendance at the individual sessions, thru an electronic system. In order to receive clock hours you can only count the time during which you are actively engaged in conference sessions this does not include lunch or breaks. This log is only to assist you in recalling the sessions you attended and the number of clock hours you may have earned. To obtain the clock hours you must have gone to the myesd.org website, created your account and enrolled in session #37367, prior to the conference. Once the conference is complete the WASWUG planners will send the ESD the log of your attendance. ESD 113 staff will then mark you attended, and document the number of hours you have earned. This process will then generate an email to you of an evaluation of the workshop, which you will need to complete. Upon completion you will then be given the option of paying for your clock hours, either by credit card online, or by sending your check with the appropriate information to ESD 113, 601 McPhee Road SW, Olympia, WA 98502 Attn: Clock Hours

Excerpt of WAC 181-85-030 For the purpose of official records of the amount of in-service credit hours, the in-service provider or the superintendent of public instruction **shall round continuing education credit hours down to the nearest half hour** of credits actually completed -- i.e., .50, and .00 -- **and in no case shall an applicant receive credit for an in-service program that was less than a total of three continuing education credit hours.**
